PROFILE SUMMARY

With 2 years at MetricStream, I'm a dynamic Frontend Developer passionate about cutting-edge tech. Proficient in HTML, CSS, JavaScript, React JS and Next JS, I excel in crafting scalable web apps. Eager to learn and collaborate for top-notch results.

PROFESSIONAL EXPERIENCE

MetricStream

September 2022 – Present

- Employed Next JS and Material UI for smooth feature integration in GRC product as a Frontend Developer.
- Integrated new features, upheld existing functionalities, and worked with UI team to transform Figma designs into functional web pages for optimal performance.

SKILLS

Frontend

HTML, JavaScript, Typescript, ReactJS, NextJS

Backend

Node.js, Python

Styling

CSS, Bootstrap, Tailwind, Material UI

TECHNICAL PROJECTS

GRC Product

September 2022 – Present

Frontend Development Focus

- Primarily responsible for **creating form templates** and reports using **Next.js**.
- Integrated **Redux** for state management to ensure data consistency across components.

Contribution and Achievements

- Resolved **200+ issues** and developed **23 new features** within a **2-year** timeframe upon joining the organization.
- Played a pivotal role in **optimizing code** and ensuring adherence to **Prettier ESLint** standards for consistent code styling.

Issue Tracking and Management

- Utilized **Jira** for tracking and triaging issues, ensuring efficient workflow management and resolution of issues within the team.

Quality Assurance

- Added **multiple unit test cases** using **Jest**, validating the reliability and stability of the codebase.
- Actively participated in over **50 code reviews**, contributing to the delivery of **high-quality code** and fostering a collaborative development environment.
